

Complex regulations and formidable tax issues are just a few of the challenges faced by the construction industry. That's why businesses turn to HG&K. Our expertise extends from the ground up.

From banks and lenders, to insurance companies, owners and developers, each has multiple vested interests in construction projects. Satisfying these interests not only requires financial acumen, industry knowledge and established networks, it demands unassailable credibility.

HG&K isn't just an industry participant ~ we're an educator and acknowledged expert that serves established and aspiring contractors and developers alike. Whether they need to obtain financing or set up a tax structure, we're a catalyst for growth.

Accounting and Assurance Services

- Financial reporting ~ Audits, Reviews and Compilations
- Financial forecasts and projections
- Assistance in setting up and training on various accounting applications
- Performance of an agreed-upon procedures engagement when appropriate

Tax Planning and Compliance Services

- Tax-planning services to help minimize tax obligations, including analysis of the tax advantages and application of the various available methods of accounting such as cash or accrual and percentage of completion, or completed contract
